Appendix A - *Fees Act* 42

INTRODUCTION

The *Fees Act* (see **Appendix A)** received Royal assent in the spring of 2008. This legislation, which applies to Part I of the public service, established a transparent process governing fees charged by government departments.

It requires detailed information to be made public on all upcoming fee increases and all new fees at least 60 days before implementation by government departments.

The act also specifies that, by January 31st each year, the Minister of Finance must file a document containing such information with the Clerk of the Legislative Assembly. The 2012 document contains detailed information regarding new fees and fee increases planned by government departments for the upcoming fiscal year of 2012-2013.

The report also includes information such as the legal authority to charge each fee, the current fee amount, the new fee amount, effective date of the change, revenue details, and departmental contact information.

The first section in the 2012 report summarizes fee changes and/or new fees approved by the provincial Board of Management since publication of the 2011 report.

The second section summarizes upcoming fee changes and/or new fees approved by the Board of Management for the fiscal year 2012-2013. In keeping with the requirement of 60-day minimum notice to the public, none of these fees will take effect until at least April 1st, 2012. It is recommended that the effective dates specified in this report be verified with the respective departments as they may be extended following the publication of this report.

It should be noted that the *Fees Act* does allow a department to create or increase fees *during* the upcoming fiscal year. If this occurs, the individual department will file a document with the Clerk of the Legislative Assembly containing the same type of details as are included in this report. The fee change is also subject to the requirement of a minimum 60-day notice to the public.

If there are any mid-year changes, the details of these single filings will be summarized and published in the 2013 report on fees. This compilation will maintain accuracy and transparency concerning fees.

The report also includes information about a few fees being decreased or eliminated.

How to Read this Report

Section 3(2) of the *Fees Act* requires this *Annual Report on Fees* to present the following information for new and increased fees proposed for the next fiscal year:

(a) the name of the department that proposed the fee
(b) the name of the fee
(c) the legislative authority for the fee
(d) the amount of the current fee, if any
(e) the amount of the new fee or the increased fee
(f) the effective date for the new fee or the increased fee
(g) the total annual revenue expected from the fee
(h) the change in the annual revenue expected from the fee, and
(i) the name of the contact person.

In this report, the above information is presented in the following format:

Department Name **Contact:** Name, Telephone Number (506)	**Insert name of the Fee** Insert *Name of the Act* Insert Regulation Number
Current Fee: $X **Proposed Fee:** $Y **Effective Date:** Month, Day, Year	**New Annual Revenue Estimate:** $AA,AAA **Change in Annual Revenue:** $B,BBB
Comments:	

Readers should note that "New Annual Revenue Estimate" presents the total expected revenue from the fee at the proposed or increased rate for the upcoming fiscal year. "Change in Annual Revenue" indicates how much additional annual revenue is expected per fiscal year from the new fee rate, as opposed to the prior rate.

While the Minister of Finance is responsible to file this document each January with the Clerk of the Legislative Assembly, information about particular fees should always be obtained from the specific departments and contacts listed in the description of each fee.

This document, and future editions, will be posted in the Publications section of the finance department's Web site at http://www.gnb.ca/0024/index-e.asp

General information about fees charged by all government departments is available on the government's Web-based Directory of Services. This directory is located at http://www2.gnb.ca/content/gnb/en/services.html (Key word: fees)

Comments: Fee increases noted above will benefit the redemption centres exclusively. Beverage container handling fees are paid by beverage distributors to New Brunswick's privately-run beverage container redemption centres as compensation for receiving, paying out refunds for, sorting, and storing returned beverage containers. These handling fees are paid directly to the redemption centres without government involvement. The increase in the handling fees means that beverage distributors will be paying more to the redemption centres. The change will not increase revenues to government. There are currently 78 beverage container redemption centres processing approximately 305 million empty beverage containers annually.

Current Fee: $5,000 **Proposed Fee:** $5,500 **Effective Date:** April 1, 2012	**New Annual Revenue Estimate:** $93,500 **Change in Annual Revenue:** $8,500
Comments: Environmental Impact Assessment (EIA) is a process through which the potential environmental impacts resulting from a proposed project are identified and assessed early in the planning process. The fees are for applications (registration) only, and are intended only to cover the costs incurred by the department in the review and "Determination" of projects. The proposed fee levels are based on increasing costs to deliver the service, but do not achieve full cost recovery for administering the EIA program.

Department of Finance **Contact:** Deborah Rankine, 1-800-669-7070	**Purchaser's Permit (Farming)** *Gasoline and Motive Fuel Tax Act* *Regulation 82-81, section 18.6*
Current Fee: $12.50 **Proposed Fee:** $ 0 **Effective Date:** April 1, 2012	**New Annual Revenue Estimate:** $0 **Change in Annual Revenue:** ($10,000)
Comments: The department is eliminating this fee. This registration process will be simplified by merging the annual Farming Purchaser's Permit to acquire tax-exempt fuel with the application for the Registered Professional Agricultural Producer (RPAP) card issued by the Department of Agriculture, Aquaculture and Fisheries.	

Department of Finance **Contact:** Deborah Rankine, 1-800-669-7070	**Business Licence – Fuel Retailer** *Gasoline and Motive Fuel Tax Act* *Regulation 82-81, section 24, subsections 21.1(3) and (4)*
Current Fee: See Schedule **Proposed Fee:** See Schedule **Effective Date:** April 1, 2012	**New Annual Revenue Estimate:** $107,500 **Change in Annual Revenue:** $104,500
Comments: Since the late 1990s a fuel retailer licence, once issued, has not required renewal. To provide more effective administration, the department is returning to the annual licensing of fuel retailers. The fee for this licence type has not been increased since 1997. New fees, based on current costs, are designed to fully recover the cost of issuing and administering these business licences. The cost analysis indicates that additional time and educational material are necessary to establish and educate new accounts; therefore, initial application fees will be higher than renewal fees.	

Schedule
Business Licence – Fuel Retailer

Fee	Current	Proposed
Fuel Retailer Licence – Initial Application	$20 per dispensing nozzle	$150 plus $25 per nozzle
Fuel Retailer Licence – Renewal	$0	$25 per nozzle

Department of Finance **Contact:** Deborah Rankine, 1-800-669-7070	**Single Trip Permit** *Gasoline and Motive Fuel Tax Act,* subsection 12.4 (1.1)
Current Fee: $5 plus rate per km travelled, $10 minimum **Proposed Fee:** $25 plus rate per km travelled **Effective Date:** April 1, 2012	**New Annual Revenue Estimate:** $25,000 **Change in Annual Revenue:** $20,000
Comments: This fee has not been increased since 2002; however, the cost of administering Single-Trip Permits for interjurisdictional carriers not registered under the International Fuel Tax Agreement (IFTA) program has increased substantially in the past decade. This fee is designed for full administrative cost recovery.	

FEE CHANGES TAKING EFFECT APRIL 1, 2012 OR LATER

Department of Finance **Contact:** Deborah Rankine, 1-800-669-7070	**Business Licences - Tobacco** *Tobacco Tax Act* *Regulation 84-250 sections 3(3), 3(4) and subsections 3.1(1) and (2)*
Current Fee: See Schedule **Proposed Fee:** See Schedule **Effective Date:** April 1, 2012	**New Annual Revenue Estimate:** $126,500 **Change in Annual Revenue:** $124,125
Comments: The department is returning to an annual licensing of tobacco wholesalers and tobacco retailers. The fees below have not been increased since 1997. The cost analysis indicates that additional time and educational material are necessary to set up and orientate new accounts; therefore, initial application fees will be higher than a renewal fee. The fee increases below are based on current costs and are designed to provide full cost recovery.	

Schedule **Business Licences – Tobacco**		
Fee	**Current**	**Proposed**
Tobacco Retailer – Initial Application	$15	$100
Tobacco Retailer – Renewal	$0	$50
Tobacco Wholesaler – Initial Application	$1,000	$2,000
Tobacco Wholesaler – Renewal	$0	$1,500

Department of Finance **Contact:** Deborah Rankine, 1-800-669-7070	**Business Licence – Pari-Mutuel Operator** *Pari-Mutuel Tax Act* Regulation 83-61, section 4 and subsection 3(3)
Current Fee: See Schedule **Proposed Fee:** See Schedule **Effective Date:** April 1, 2012	**New Annual Revenue Estimate:** $1,500* **Change in Annual Revenue:** $1,500*
Comments: There is a small number of pari-mutuel operators licensed by the Province. The department is moving to an annual licence fee to help offset administrative costs of this program. A cost analysis indicates that this program is expensive to administer per licensee, primarily due to the low volume of accounts to share the cost. As the set-up and educational requirements for the initial application are more extensive than for a licence renewal, an initial application will cost more. The fees set in the schedule below do not recover the cost of the administration of this program; however, to reach full recovery could jeopardize the industry. Therefore, an implicit subsidy is provided. * As it is anticipated there will be no new pari-mutuel operators, the revenue estimate is specific to licence renewals.	

Schedule **Business Licence – Pari-Mutuel Operator**		
Fee	**Current**	**Proposed**
Pari-Mutuel Operator – Initial Application	$100	$1,500 *
Pari-Mutuel Operator – Renewal	$0	$500

FEE CHANGES TAKING EFFECT APRIL 1, 2012 OR LATER

Department of Finance **Contact:** Deborah Rankine, 1-800-669-7070	**Registration – International Fuel Tax Agreement (IFTA)** *Gasoline and Motive Fuel Tax Act, subsection 12.3(1)* Regulation 82-81 section 17
Current Fee: See Schedule **Proposed Fee:** See Schedule **Effective Date:** April 1, 2012	**New Annual Revenue Estimate:** $270,925 **Change in Annual Revenue:** $245,925
Comments: The department is implementing an annual licensing fee for IFTA registrants. The fee structure is based on the number of vehicles operating interjurisdictionally. As IFTA is an international agreement, the Province is bound to carry out certain administrative requirements, which increase the total cost of administration. However, as there has been no previous registration fee charged, full recovery of costs through registration fees could represent a major financial burden to carriers. The registration fees set in the schedule below do not recover the full cost of the administration of this program; therefore, an implicit subsidy will be provided. Decal fees have not been increased since the Province joined IFTA in 1996. The new decal fee will ensure full recovery of this cost.	

Schedule **Registration – International Fuel Tax Agreement (IFTA)**		
Fee	**Current**	**Proposed**
Annual Registration		
• Carriers with 1 vehicle	$0	$25
• Carriers with 2 - 4 vehicles	$0	$100
• Carriers with 5 - 9 vehicles	$0	$200
• Carriers with 10 - 24 vehicles	$0	$400
• Carriers with 25 - 49 vehicles	$0	$750
• Carriers with 50 + vehicles	$0	$1,500
• Decals	$5 per set	$25 per set

Department of Finance **Contact:** Deborah Rankine, 1-800-669-7070	**Small Business Investor Tax Credit** *Small Business Investor Tax Credit Act, paragraph 39(1)(c.1)*
Current Fee: See Schedule **Proposed Fee:** See Schedule **Effective Date:** April 1, 2012	**New Annual Revenue Estimate:** $12,500 **Change in Annual Revenue:** $12,500
Comments: New fees will be imposed for processing registration applications from corporations wanting to sell shares under this program. Fees are also being established to cover costs associated with the issuance of tax credit receipts to investors. These fees are designed to partially recover the cost of administering this program. Since the credit is available to assist small business in raising investment capital, the full administration costs are not recovered so as not to deter small business from applying.	

Schedule **Small Business Investor Tax Credit**		
Fee	**Current**	**Proposed**
Program Application	$0	$100
Tax Credit Certificate	$0	$25

FEE CHANGES TAKING EFFECT APRIL 1, 2012 OR LATER

Department of Finance **Contact:** Deborah Rankine, 1-800-669-7070	**Research and Document Recovery** *Financial Administration Act, subsection 56(i)*
Current Fee: See Schedule **Proposed Fee:** See Schedule **Effective Date:** April 1, 2012	**New Annual Revenue Estimate:** $11,500 **Change in Annual Revenue:** $11,500
Comments: Historically, the department has not imposed fees for the preparation of detailed statements of accounts and for the recovery of archived documents. Provision of these special services is over and above the day-to-day administration of accounts. Therefore, user fees are being introduced to provide full cost recovery for these services. Note: Simple requests for statements of account prepared using readily available system information will not require this fee to be paid.	

Schedule **Research and Document Recovery Fees**		
Fee	**Current**	**Proposed**
Statement of Account		
• Less than one hour research	$0	$25
• One to two hours research	$0	$50
• More than two hours research	$0	$100
Document Recovery (per transaction)	$0	$15

Department of Finance **Contact:** Deborah Rankine, 1-800-669-7070	**Tax Sale Administration** *Real Property Tax Act subsection 26(h)*
Current Fee: $125 **Proposed Fee:** $125 **Effective Date:** April 1, 2012	**New Annual Revenue Estimate:** $60,000 **Change in Annual Revenue:** $0
Comments: This fee provides partial recovery of administrative costs associated with conducting a tax sale of a property due to non-payment of taxes. By policy, the department is charging an administrative fee of $125 per account. The fee will be prescribed in the regulations; however, it does not recover the full administrative cost of conducting a tax sale. Passing on the full cost to each delinquent property owner could cause them further hardship and make the resolution of the debt prior to the tax sale more difficult for the property owner.	

FEE CHANGES TAKING EFFECT APRIL 1, 2012 OR LATER

We have excluded the costs related to abattoir and dairy. This will reduce costs for this category; therefore, fees should be reduced accordingly.
